

Das innovative Reifendruckregelsystem

<https://terra-care.at/en/job/service-technician-m-f-d/>

Service Technician (m/f/d)

Description

To strengthen our team, we are looking for a dedicated Service Technician (m/f/d) for assignments in Austria and Germany. You will install our tire pressure control systems directly at customer sites and provide service, maintenance, and advice to ensure that our agricultural technology systems operate reliably.

Responsibilities

- Installation and commissioning of our tire pressure control systems directly at customer sites
- Service, maintenance, and repair work on agricultural machinery
- Independently carrying out assignments using a modern, fully equipped service vehicle
- Fault diagnosis and technical troubleshooting
- Training and advising our customers on operation and technology
- Documentation of work performed

Qualifications

- Completed technical training (e.g., in agricultural machinery, automotive or commercial vehicle engineering, or mechatronics)
- Field service experience is an advantage
- Interest in agricultural technology and hydraulic/pneumatic systems
- Independent, structured, and solution-oriented approach to work
- Willingness to travel extensively (Austria & Germany)
- Category B driver's license (ideally BE or C)
- Friendly and professional manner when dealing with customers

Job Benefits

- Varied work in an international environment
- Independent work with your own service vehicle
- Opportunity to contribute to innovative technologies in agriculture
- Flat hierarchies and a motivated team
- Performance-based pay in accordance with the Metal Industry Collective Bargaining Agreement: at least €2,571.94 gross, plus travel and installation allowances (willingness to pay above the standard rate depending on qualifications)
- Thorough on-the-job training and ongoing professional development
